## ▼ Summary

Current title: Full Stack Developer  
Experience years: 3  
Location: Cairo, Egypt

## ▼ Experience

### Full Stack Developer · Trendlix

2025 – Present

- Built scalable full-stack apps with TypeScript, MERN, and Next.js, cutting API latency ~25%.
- Developed secure REST APIs with OAuth2/JWT and role-based access.
- Led React/Next.js front-end, real-time WebSocket features, and CI/CD pipelines with Docker, AWS, and GitHub Actions.

### Backend Instructor · MBD Academy

2024 – 2025

- Designed and delivered MERN Stack backend training for cohorts of 30-36, emphasizing API best practices.
- Mentored students individually to build production-ready applications.

## ▼ Education

Bachelor's  
Damanhour University
